ENOLOGY

Vinification starts after a manual harvest in crates with immediate stalk removal, followed by four pump overs a day for the first week and two pump overs a day during the second week. Maceration lasts 15-18 days. After racking, decanting and malolactic fermentation occurs, the wine is then put to stand in a mix of new, 1 and 2 year old French barriques and in Slavonian Oak barrels for 30 months. Bottled in August 2020. Bottle aged 6 months prior to release.

TASTING NOTE

Medium-deep ruby red, with garnet to orange overtones. There should be an exhilarating rush of freshness on the nose, followed immediately by warming broader elements which can include candied cherries, bitter cherries, plums, strawberries and raspberries. There are also darker tones of chocolate, hazelnuts and liquorice, with herbs, cinnamon and vanilla as well.

FOOD PAIRINGS

Barolo Bussia Corsini DOCG is a wine that is suitable for ageing (fifteen or more years). It is best served at a temperature of eighteen degrees and it's ideally paired with meat (game as wild boar) and with intensely flavoured dishes based on mature and spicy cheeses.
