ENOLOGY

Vinification starts after a manual harvest in crates with immediate stalk removal, followed by four pump overs a day for the first week. Maceration lasts twelve days.

After the racking, decanting and the malolactic fermentation have occurred, the wine is then put to stand in wood including both different aged French barriques and large Slavonian oak barrels for eighteen months. Bottled in July 2025. Bottle aged 3 months prior to release.

TASTING NOTE

Armujan is our pride and joy: alongside the Barolo Bussia Corsini DOCG, this wine is highly appreciated and recognized by international oenology journals. It's a wine that can be drunk young or be put to age for eight – ten years. It's ruby-red in color. His nose is fresh, with soft scents of ripe plum.

FOOD PAIRINGS

It should be served at a temperature between sixteen and eighteen degrees and is ideally paired with pasta dishes with rich meat sauces, meat, game, cheese and cold meats.
